Hi there fellow Skydiver and welcome to the world of Spirit Skysports

Choosing a new jumpsuit can be confusing and difficult, especially if you are a new jumper just out of student gear. There are so many options to choose from and deciding on colours can be tricky and when it comes to freestyle suits, the range of designs possible is endless.

So if you want a new jumpsuit but can't decide on design or options... give me a call and we can chat about what you want and what you need then I'll send you some designs to choose from. Each suit is custom made so you may as well get exactly what your heart desires.

Making sure my clients are happy is important to me. Some of my clients leave it all up to me, only saying "I want a colourful freestyle suit" and they are always delighted with the results.

On the other hand, if you have your dream suit floating around in your head.... cool... just colour in the design sheet, fill out the order form, get someone to measure you up and return it all to me with your payment and in a few weeks you'll get your dream suit.

When it comes to design anything is possible, if you live in Sydney I strongly recommend that you come to my place and browse through my photo book to see the variety available, watch the suits in action on video, and we can design your suit on the spot.

I can do Tye Dye, pinstripe piping, GT stripes, multicolour panels, square - diagonal and crazy patchwork, embroidery, printing, motifs, contrast stitching, etc; it's only limited by your imagination so get designing and send the sheets to me to quote on.

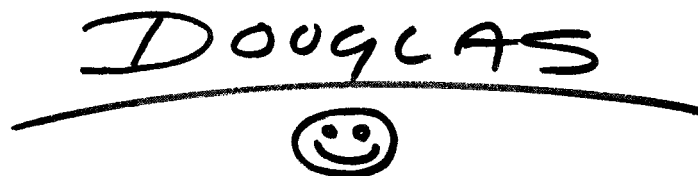

A Spirit Skysports jumpsuit is built to last from the very best materials available. Most Skydivers don't even notice the advantages of buying a Spirit Jumpsuit, things like YKK zips and buckles, authentic Velcro\* brand closures, nylon parapac wear patches, Lycra\* stretch panels for comfort and ease of movement, reinforced nylon seams, chunky rib collars with soft satin binding and a smiley face to brighten up your day.

In fact most Skydivers like Spirit jumpsuits just because they fly well, are comfortable and look cool!!!

So don't be disappointed with an inferior jumpsuit.

Live the dream and get into Spirit Skysports.

Hear from you soon!!!
